IDEMIA's LiveScan Fingerprint Systems are currently installed throughout the State of Texas Department of Public Safety (TX-DPS) locations.

IDEMIA's LiveScan Systems are highly specialized and include IDEMIA proprietary hardware designs with proprietary application and customized LiveScan Software. Additionally, several components of the LiveScan System include IDEMIA patented technology.

Due to the proprietary nature of the design as well as IDEMIA's exclusive ownership of the source materials, the hardware, software and functionality of the LiveScan System can be provided and supported only by IDEMIA.

Specifically:

IDEMIA does not have other sales channels, partners or resellers. The proposed solution (hardware, software, and support) can only be procured and implemented directly from IDEMIA.

Sincerely
