If an inmate comes into the Tarrant County Jail with verified MHMR prescribed medications, MHMRTC shall review and prescribe medications, as clinically appropriate, before the end of the following day. If verified medication is unable to be prescribed, the inmate will be seen within two (2) calendar days, except in an emergency or urgent care case by an MHMRTC provider.

For inmates who are currently taking psychiatric medication upon coming to the jail, MHMRTC providers shall (1) verify current medication, and (2) assess the need to prescribe continued psychiatric medication by the end of the next calendar day.
