- All drainage easements shall be kept clear of fences, buildings, foundations, plantings, and other obstructions to the operation and maintenance of the drainage facility. The homeowners shall keep the adjacent drainage ways traversing their property clean and free of debris, silt or other substances which would result in unsanitary conditions, and the County shall have the right of entry for the purposes of inspecting maintenance work by the property owners. The drainage ways are occasionally subject to stormwater overflow damages resulting from the stormwater overflow and/or bank erosion that cannot be identified. The County shall not be liable for any damages resulting from the occurrence of these phenomena, nor the failure of any structures within the drainage ways. The drainage way crossing each lot is contained within the floodplain/drainage easement line as shown on the plat.
