Addendum to Rivercrest Bluffs Unit Application

*TotalEnergies E&P USA Barnett 1, LLC (TEP) has acquired oil and gas leases on nearly 500 tracts of land within Tarrant County, Texas since it took over operatorship of these assets in September of 2017. The highest bonus paid by Total since its inception has been \$2,500/acre, with a minimum lump sum bonus of \$500 for any tract less than 0.25 acres.

**The Rivercrest Bluffs Unit is an old voluntary unit with one unit well drilled by the prior operator that began production in 2011. Total plans to drill one new well in and through the unit (the Rivercrest Bluffs Renzo No. 3H) in late 2022. The purpose of the requested pooling is to allow the drilling and completion of the new allocation well and to ensure the State participates in all the wells in the unit.

This Declaration of Pooled Unit is executed to be effective as of December 7, 2009, by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "B" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. 2. Description of Unit Area. The Unit Area (herein so called) shall consist of **286.4752 acres**, more or less, being the lands more particularly described and depicted on Exhibit "A", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. 3. Unit Name. The pooled unit created hereby shall be known as the "**Rivercrest Bluffs Unit.**"

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this Declaration of Pooled Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. 7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof. This Declaration of Pooled Unit is executed to be effective as of December 7, 2009, by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "B" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.
2. Description of Unit Area. The Unit Area (herein so called) shall consist of **286.4752** acres, more or less, being the lands more particularly described and depicted on Exhibit "A", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This Declaration of Pooled Unit covers all production from the lands described on the attached Exhibit "A" which is produced from any well drilled to the unitized interval underlying the Unit Area.
3. Unit Name. The pooled unit created hereby shall be known as the "**Rivercrest Bluffs Unit.**"
4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.
5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this Declaration of Pooled Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.
6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Operating, Inc., acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.
7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof.
