RNilsson@TarrantCounty.com

Dear Rune-Par Nilsson,

I am writing on behalf of the Association of Public Health Laboratories (APHL) to confirm the closeout of Cooperative Agreement NU60OE000103 (formerly 1U60OE000103) (CFDA #93.322) (the Cooperative Agreement) between APHL and Centers for Disease Control and Prevention (CDC). The Cooperative Agreement reached the end of its multi-year term and APHL has recently submitted to the federal government the final reports and documentation required under the Cooperative Agreement terms.

As part of a Cooperative Agreement funded project, APHL purchased or reimbursed Tarrant County Public Health Department for the cost of Labconco, Safety enclosure, Serial # 210310097 (the Equipment). With the closeout of the Cooperative Agreement, APHL can complete the transfer of title to and interest in the Equipment.

Accordingly, with this email, APHL transfers all remaining title and interest in and to the Equipment to your organization without restriction. From this point forward, your organization will hold full title to and all interests in the Equipment and will no longer need to provide APHL with information on the Equipment's location or condition.

Sincerely,

DocuSigned by:

EXTERNAL EMAIL ALERT! Think Before You Click!

Good Afternoon,

Attached is a letter from APHL confirming the closeout of cooperative agreement NU60OE000103 between APHL and CDC. The agreement has reached the end of its multi-year term and we can release all remaining titles and interests in the equipment addressed in this letter.

Please let us know if you have any questions.

Thank you!
