Public Notification

Information provided below concerns the notification venues, timelines, and advance notice that will be used by the official or governing body authorizing operations to inform the affected public of planned aerial mosquito control missions. Exact names of venues, frequency of notification, and how much prior notice the affected public is given below:

- ☐ Local TV Station: Fox 4, NBC 5, ABC 8, CBS 11, CW 33, Univision 23, Telemundo 39
- ☐ Cable TV Station: _____
- ☐ Local Radio Station: WBAP AM 820, KLIF, KLRD AM 1080, KERA, KSKY
- ☐ Local Newspaper: Fort Worth Report, Star-Telegram, Dallas Morning News, AP Texas, Azle
- ☐ Flyers: _____
- ☐ Email: County Precinct Offices, County OEM, County Stakeholders
- ☐ Website: www.tarrantcounty.com/health
- ☐ Telephone: TCPH Call Center, Texas 2-1-1 phone bank
- ☐ Other Nextdoor, TCPH Facebook, TCPH Twitter, TCPH Instagram, Spanish language media, County interactive mapping tool to identify spraying areas

Public notice must be issued at least 48 hours prior to the spray mission. Describe how the advanced notice will be given to the affected public before an operation: Ideally, advance notice for aerial spraying would range from 7-14 days prior to action, with reminders 1-3 days leading up to the action in the designated sprayed area.

Describe the timeline and/or frequency public notice is posted. (e.g. once a year on the first of May and every 30 days thereafter) West Nile activities begin in late April, with a training session. Not far behind is the updating of awareness and prevention information on the website. That is followed by distribution to the media for local residents. Ongoing communications continue throughout the season.

I agree that our agency uses the above listed venues to inform the affected public of planned aerial mosquito control missions.
