Hello Gwen,

We are requesting that the Commissioners Court reject all proposals for RFP No. 2023-046 Sheriff's Office Annual Contract for Computer Aided Dispatch and Law Enforcement Records Management System. We are asking for permission to rebid with revised specifications.

After review of the submitted proposals, it became evident that there is a need for the specifications to be clarified because the system requirements were so stringent that none of the vendors met the requirements.

All requirements must align with Tarrant County Information Technology security and infrastructure policy.
