Congratulations!

The Tarrant County Archive has been selected for the 2023 Rescuing Texas History program. We will be able to fund the documents portion of the proposed project as work in kind.

Unfortunately, we cannot accept the proposed scrapbooks at this time.

In an attempt to better process materials as they come into the lab, we have staggered the delivery schedule for the materials. We would very much appreciate it if you would ship or delivery the materials to us by the end of October 2023. While preparing your materials for delivery please consider the project format tips (attached). I have also attached a packing list for your materials. Additionally, please note that typical project completion occurs in about a year to a year and a half from the time of delivery.

If you are shipping your materials, please note there are two different addresses that can be used and which one to use is dependent on the method of shipment. If you are planning to deliver the materials in person, please email or call me to schedule the delivery.

For the US Postal Service: for shipping through a courier service (UPS, FedEx, etc.):
