Only one supplemental reimbursement request will be accepted for each month, and must be received by the monthly deadline established by the County. Included in the monthly request for reimbursement will be copies of receipts and other accurate source and expenditure documentation. Service Provider will retain originals of all copies submitted. Requests will not be considered complete and payable until monthly participation data and participant registration forms for billed services has been received.
- 10.3 County will either pay within 60 days of receipt of the request for reimbursement or send notice of a denial of the request within 60 days. Payment is considered made on the date postmarked. In the event the County determines that a payment was made for a disallowable reimbursement, the County may deduct the disallowable portion from future payments due Service Provider or County may require Service Provider to refund the disallowable portion to County.
- 10.4 To receive reimbursement under this contract, Service Provider must incur eligible cost during the contract term and pay that cost prior to seeking reimbursement. In no event will payments exceed the Service Provider's actual and allowable costs to provide services. Costs should be billed to the month in which they were incurred, either on the primary billing voucher for that month or on a supplemental billing, if they are not paid in time to include them on the primary voucher. DFPS reports vendor performance by means of the Vendor Performance Tracking System (VPTS), which can be accessed online at: http://www.window.state.tx.us/procurement/prog/vendor_performance/

The County may use the VPTS to determine best value when awarding contracts in instances where past performance is included as a factor in the evaluation of a vendor for award.

employee working with CYD must be maintained by the Service Provider and provided to the County.

- 14.3 The Service Provider must provide support and at minimum monthly supervision of all staff that provide direct services to clients, including volunteers. This supervision must provide the direct staff and volunteers an opportunity to gain professional development, support, and advice about their work with the clients.
- 14.4 The Service Provider must ensure training is provided annually for all employees working with CYD, which must include new hire orientation, cultural humility, and youth development training. All volunteers working with CYD must also receive cultural humility training annually. All CYD employees must complete Developmental Assets and Developmental Relationships training and Youth Program Quality Assessment training within one year of hire. Documentation to support training must be maintained by the Service Provider and provided to the County.
- 14.5 All employees and volunteers must submit forms 2970c and 2971c to the County, who runs a criminal background check and abuse/neglect check through DFPS Automated Background Check System (ABCS). These two clearances must be obtained prior to contact with CYD clients or information. An FBI clearance is required if the employee or volunteer has lived outside Texas within the last five (5) years, and must also be obtained prior to contact with CYD clients or information. Forms 2970c and 2971c should be updated when checks are updated every two years, and the forms and clearances must be kept on file with CYD and the Service Provider.

If while providing direct services, having direct client contact and/or access to client records, the Service Provider becomes aware of any new arrest or investigation of abuse or neglect conducted by any federal, state or local agency or board of an employee or volunteer, then the Service Provider will notify the County within ten (10) business days of them becoming aware of it. DFPS will determine if and when the employee or volunteer can have direct contact with clients.

- 14.6 Service Provider will disclose and release, or cause its employees, subcontractors, and volunteers with direct client contact and/or access to client records to disclose and release, any allegation made against that employee, subcontractor, or volunteer alleging the commission of:
 - A. An act of abuse, neglect, or exploitation of children, the elderly, or persons with disabilities;

 - 4. public health, safety, or morals; or
 - 5. property;
 - C. An offense under Chapter 481 of the Texas Health and Safety Code (Texas Controlled Substances Act); or
 - D. Any act or offense that can reasonably be associated with potential risk of harm or loss to the Department and/or its clients based on the job duties or contractual role(s) of the person in question at any time during the contract period.

This disclosure and release is required of all individuals who have, or will have, direct contact with clients and/or access to client records, prior to such contact or access and will be accomplished through the use of:

- A. Criminal history background check;
- B. DFPS abuse and neglect history check; and
- C. Signed disclosure and release by each person attesting to this information, which will be maintained by Contractor, available for review by the County, and renewed at intervals not to exceed 24 months while the contract is in effect.

Service Provider will prevent or promptly remove any employee, subcontractor, or volunteer from direct client contact and/or from access to client records who is alleged to have committed any act or offense listed in this contract. If it is determined with certainty that the person in question has not committed the acts or offenses alleged, that person may again be assigned to direct client contact and/or access to client records. However, the Service Provider will notify the County its intent to do so no later than ten (10) business days prior to the intended reassignment and receive County approval prior to the reassignment. Silence by County will not be construed as approval for this purpose. Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the person in question is found to have committed any of the acts or offenses listed in this contract, that person will not be reassigned to duties involving any direct contact with clients and/or access to client records.

- 14.7 If an employee has been wrongfully removed, the employee may be reassigned to direct client contact; however, the Service Provider will notify the County at least ten (10) working days prior to the intended reassignment. The Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the employee is found to have committed any of the offenses listed in this paragraph, the employee will not be reassigned to duties involving any direct contact with clients.
- 14.8 The County has the right to remove from the provision of services, any employee or volunteer of the Service Provider. This right will be exercised in a reasonable manner by the County.
- 14.9 Service Provider shall allow its employees to testify in judicial proceedings and administrative hearings, at the request of the County.
- 14.10 Service Provider shall promptly report any suspected case of abuse, neglect, or exploitation to the appropriate authority as required by the Texas Family Code, Chapter 261. All reports must be made within 24 hours of the discovery of abuse, neglect, or exploitation.
- 14.11 Service Provider is an independent Service Provider under the terms of this contract and is not an officer, agent, servant or employee of the County.
- 14.12 If specific qualifications are set forth in job descriptions required by the County, assign personnel meeting those qualifications to those positions unless a written waiver is granted by the County.

- 14.13 Service provider must submit all required Personnel File documentation for all CYD employees and volunteers (as appropriate) to the County (including: I-9, job description, resume/application, diploma/transcript, and training documentation).

15. CONTRACT INTERPRETATION

- 15.1 The contract may be amended in writing duly executed by the contracting parties.
- 15.2 If any provision(s) of this contract will be construed to be illegal or invalid, it will not affect the legality or validity of any of the other provisions hereof, and the illegal or invalid provision will be deemed stricken and deleted here from to the same extent and effect as if never incorporated herein, but all other provisions will continue.
- 15.3 Force Majeure. The Service Provider will be financially liable for undue delays or failures to perform in contract performance except for any delay in or failure of performance of any requirement caused by force majeure (i.e. those causes generally recognized under Texas law as constituting impossible conditions). Such delays or failures to perform will extend the period of performance at the discretion of the County in the exercise of reasonable diligence until these exigencies have been removed. The Service Provider will inform the County in writing of proof of such force majeure within three (3) business days or otherwise waive this right as a defense. The Service Provider agrees that breach of this provision entitles the County to reduce or stop payments, immediately terminate this contract, collect partial or whole payment for services not timely delivered, other liquidated damages including amount of any bond for contract amount, and any other remedies available to the County under the terms of the contract, in equity or under Texas law.
- 15.4 It is expressly understood and agreed that enforcement of the terms and conditions of this contract, and all rights of action relating to such enforcement, will be strictly reserved to the parties, and nothing contained in this contract will give or allow any claim or right of action whatsoever by any other person not a party to this contract.
- 15.5 The County's liability is limited by the Texas Tort Claims Act and nothing in this contract will constitute a waiver of sovereign immunity or of the rights of the County under that Act.
- 15.6 All contracts and other information submitted to The County may be subject to the Texas Public Information Act, Chapter 552 of the Texas Government Code ("the Act"). If Service Provider submits proprietary or otherwise confidential information to The County, then Service Provider should clearly identify that particular information and the specific exception to disclosure in the Act. Making a blanket claim that an entire submission is protected from disclosure because it contains some proprietary information is not acceptable and will not render the entire proposal confidential. The County assumes no responsibility for asserting legal arguments for Service Provider. Service Provider should consult with legal counsel concerning disclosure issues and take precautions to safeguard trade secrets and other proprietary information. Any information generated as a result of this contract is also subject to the Act, and, as such, must be made available to the County in the manner and format specified by the County upon request.

Revisions to the Project Work Plan must not change the overall scope of the project and must be approved by DFPS and Tarrant County prior to implementation. DFPS and Tarrant County reserve the right to make the final determination on any proposed revisions.

Girls Inc. will provide YLD services to 76106, 76164, 76119, and 76112 youth.

Q1-Q4:

Youth Leadership Development (YLD) focuses on preparing youth to meet the challenges of adolescence through a series of structured, progressive activities and experiences that help them to develop leadership skills, such as conflict resolution, negotiation, communication skills, goal setting, teambuilding, positive self-esteem, and empowerment. The approach views youth as resources and builds on their strengths and capabilities to deliver within their own community and includes service-learning components. Youth will take part in weekly youth leadership classes. Community service-learning projects will be conducted at least once per quarter. The program is based on the Girls Inc. Leadership & Community Action Model.

Through YLD, youth build leadership skills and create lasting social change through community action projects. With support from their communities, youth celebrate the heritage of leaders and social change agents and realize their own power as community resources and trustees of the common good.

Describe how the three YLD elements will be incorporated into your program design.

1. Leadership knowledge

Youth learn, both formally and informally, from experienced community leaders in their communities to celebrate their heritage as leaders, develop and practice leadership skills, and construct community action projects.

2. Leadership skill building

Youth make decisions, take responsibility for, and initiate projects in collaboration with experienced community members.

3. Leadership in action

Youth discover their own leadership skills through hands-on activities, role playing, community exploration, culminating in the identification of issues of ongoing concern to the community and formulation of responses that entail persuasive communication and organizing for action.

Please list any differences in how the incorporation of YLD elements will differ in Q1-Q3 and Q4, if any:

None.

Describe the process for ensuring YLD program Participants will be provided opportunities to serve in leadership roles in the community:

Q1-Q4:

YLD participants will practice their leadership skills by working within their community performing quarterly service-learning projects.

Describe the PSHR programming to be provided in detail as outlined in Section 4.1.D of the RFA:

Girls Inc. will provide PHSR services to 76106, 76164, 76112, and 76119 youth. Manuel Jara Elementary after-school program will also receive academic support services.

Q1-Q4:

The Girl Power program supports crime prevention by providing safe places for girls to attend positive programs during crucial times when most teen-initiated crime occurs. This program addresses the gender-specific risk factors that make girls vulnerable to use and abuse illegal substances, participate in violent behavior and bullying, and engage in risky and sexual behaviors. Through Girl Power, girls and young women will be able to: improve their decision-making skills and to communicate refusal skills in an assertive manner, learn how to create positive bonds among peers, and work together to create positive solutions to potentially violent situations. Recognizing that girls face different issues as they progress to and from developmental stages, Girls Inc. will ensure all materials are specific to the needs of the girls, age-appropriate and sensitive to cultural and economic issues. After participating in this program, girls will be able to make positive choices and will be less likely to be truant and become involved in juvenile delinquent behavior.

Curriculum-Based Life Skills: Girl Power includes a variety of research-based and field-tested curriculum dealing with topics such as: anger management; violence prevention; drug, alcohol, and tobacco prevention; economic and career development; refusal skills; and assertiveness training. Girls will have weekly, bi-weekly, or monthly classes, where the following curricula will be used:

- **Girls Inc. Friendly PEERsuasion** builds girls' skills for resisting pressure to use harmful substances such as alcohol, tobacco, household chemicals, and other drugs. The two-part substance abuse prevention program teaches girls healthy ways to manage stress and confront peer, media, and other pressures.
- **Girls Inc. Mind and Body** gives a consistent set of messages and outcomes for addressing major health issues. The initiative also provides girls with a variety of tools and resources to guide them in addressing their health-related needs. It supports and promotes the whole health of girls using a philosophy which recognizes that many factors, including physical and mental wellness, contribute to girls' health. Consequently, the initiative focuses on four critical content areas: physical activity, body image, nutrition, and stress management.
- **Girls Inc. Economic Literacy** introduces girls to basic financial concepts, including money management and investment. The program explores how money affects us locally and globally as it fosters development of the skills needed to be financially self-sufficient.
- **Social-Emotional Learning/Mental Health Awareness** provides mental health check-ins, programming, activities, and mentor-type relationships. This program helps combat the academic regression and mental health issues kids are now facing due to the COVID pandemic. Our staff have been trained in SEL trainings to help recognize, target and improve unhealthy behaviors.

Q1-Q3:

Academic Support: During weekly classes at after-school locations (Manuel Jara Elementary), all girls will also receive Academic Support services through the Academic Achievement & Mentoring Program, which includes tutoring, college preparation, and scholarship assistance. This service will be provided before the Curriculum-Based Life Skills classes/activities during each session.

Describe how PSHR programming will equip Youth with the experiences and skills necessary to successfully manage the responsibilities required upon entering college, career, and workplace environments:

Q1-Q4:

Girls Inc. has a College and Career Readiness team that works with all Girl Power high school students. They will assess each group's needs, and develop a plan to meet those needs throughout the year. Girls Inc. works with primarily first-generation college students to apply for scholarships, financial aid, and college programs. They also prepare girls for the basics of student life on a college campus along with balancing work and school, which includes life skills workshops, social-emotional learning discussions, and career panels.

Since Girls Inc. works primarily with first-generation college students, during their senior year of high school, an in-depth college preparation program is available to girls that includes mentorship through the end of the participant's freshman year of college. During the summer before their first college semester, Girls will also be eligible for the annual Girls Inc. College Shower, where girls are partnered with a sponsor who donates college necessities (such as laptop, bicycle, dorm room bedding, towels, decorations, etc.).

FAMILY AND PRIMARY CAREGIVER ENGAGEMENT

Please outline your plan for how families and primary caregivers will be engaged in the CYD program.

What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?

Girls Inc. of Tarrant County staff are committed to building and maintaining meaningful relationships with families. Staff communicate and recruit families through phone calls, text messages, emails and in person start-of-semester events. Staff also actively communicate with community center coordinators and school staff to further attend and recruit at community events being hosted outside of the agency.

Please detail the timeline for implementing your plan and strategies as described above.

Staff will meet at the beginning of the school year to plan family nights and tentative dates for these events. The fall-semester event normally occurs between October and the start of November, and the spring-semester event normally occurs between Mid-April to the start of May. This timeline gives us approximately a month and a half to prepare for engaging with families and caregivers. In the leadup to the event, we discuss a theme for family night and a dinner to be served. We then begin a proposal by mid-September and have it turned in by the end of September to our supervisor. After approval, we begin shopping for supplies that do not expire or do not have to be in the fridge.

CYD PROJECT WORK PLAN

 Quarter 2: Holiday Parties – December
 Quarter 3: Family Night – April or May
 Quarter 4: College Shower and Graduation Celebrations – July

PROGRAM CURRICULUM AND EVIDENCE-BASED AND PROMISING PROGRAMS

Please briefly describe how all funded evidence-based or promising programs will be implemented.

For each Evidence-Based Program or Promising Practice Program proposed, describe any variations from the Evidence-Based Program(s) that have been approved by the developer.

The Girls Inc. Experience is made up of a wide array of program that inspire girls to be strong, smart, and bold. The CYD programs focus on YLD (Leadership and Community Action) and Girl Power (Economic Literacy, Friendly PEERsuasion, and Media Literacy).

VIRTUAL PROGRAMMING

Please briefly describe how you may shift components of your program to virtual if needed.

What is your plan if for any reason **training** must shift to a **virtual format** due to social distancing, local restrictions, etc.?

While Girls Inc. has returned to in-person CYD programming, we have the experience and capacity to engage youth and families virtually should the need become necessary again.

If applicable, please indicate whether any events may need to be modified or cancelled should social distancing or local restrictions be in effect. Add additional rows if necessary.

Event or Initiative	Begin Date	End Date	Audience/ Stakeholders

For each Program Component able to be provided virtually, describe any variations or modifications.

Programming will be implemented via Zoom meeting with in-person pickups for needed materials, supplies, and food kits.

PROGRAM IMPLEMENTATION

Please describe in detail how program will be implemented under this Grant Agreement

Please indicate what startup activities will be necessary at the start of a Grant Agreement including hiring and training staff, publicizing your program in the community, and recruiting Youth to the program.

The Girl Power and Youth Leadership staff and services are already in place, due to previous grant funding from Tarrant County Community Youth Development. Girls Inc. has a strong and trusted presence in the Northside, Diamond Hill, and East Fort Worth communities, so many of the girls and their parents/caregivers will continue with our program.

CYD PROJECT WORK PLAN

Girls Inc. has strong relationships with the administrators at the schools, libraries, and community centers where we provide services, which will enable us to start up with students who are committed to our program. Locations, dates, times, and curricula are coordinated and the plan is ready to continue when the new grant begins.

Family recruitment is provided through "Parent/Caregiver Nights," which provide them with an opportunity to learn about Girls Inc. and the services we offer, as well as continue to provide opportunities for engagement with their youth.

Describe outreach and recruitment strategies and plans. Include plans to reach and engage families demonstrating priority characteristics. If any special population of Youth and families were identified to be served by the program, please provide and the ways the organization will tailor program delivery or outreach to meet the unique strengths, circumstances and needs of the population(s).

Girls Inc. recruits youth through marketing in the community and schools. Youth are also referred by school counselors and school faculty, as well as community center leaders and staff. Youth in the program also recruit their friends and family to attend.

Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.

Since almost all the youth we serve in the Northside program are Latino, and it is important to recognize cultural considerations when delivering programs. Our National Girls Inc. office has a Latina Initiative, through which they have developed Cultural Considerations for Girls Inc. programs. Cultural Considerations include engaging parents and families for support of their girls participating in Girls Inc. activities and language differences. Girls Inc. of Tarrant County has bilingual staff who serve as positive role models for the girls in the program and can also speak with Spanish-speaking parents/families. In addition, the YLD groups and staff will be involved in many of the cultural events of Fort Worth's Northside Community, such as the Cinco de Mayo Parade, Fall Festival, and Mexican Independence Day Celebration. Participation in the cultural events of Fort Worth's Northside community serves not only to provide outreach and awareness of the Girls Inc. program and recognizing the community's rich culture, but is also a strategy for engaging youth and their families. Girls participate by walking in the parade, providing festival activities, such as face painting and games, and reciting poetry at the Women's History Celebration. Parents attend to see and support their girls' participation. Parent nights are also held to engage families and promote positive communication between parents and their daughters.

Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.

Girls Inc. of Tarrant County provides programming on school campuses, community centers, and libraries within the target neighborhoods to improve accessibility.

Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.

Transportation will be provided by parents, public transportation, and/or walking to nearby service locations. Staff will ensure that participants have a safe plan to access the program and return home. If not, program staff will offer alternative ideas and plans. This includes ensuring youth are leaving the program before dark. Transportation will be provided for special activities taking place outside the service area.

Describe how the program will assist in reducing juvenile delinquency or crime, how it will positively develop and enhance the lives of youth and their families, and what impact the program will have on the community.

Girls Inc. programs are totally focused on prevention, giving youth the tools to avoid involvement in substance abuse, violence, teen pregnancy, and other detrimental behaviors, and instead providing youth with positive activities, role models, and education to grow up to become independent adults.

Describe any established community partners (including program sites, Youth referrals, special events, etc.).

Established community partners include: All Saints Catholic School, Diamond Hill Public Library, Diamond Hill-Jarvis High School, Diamond Hill Community Center, Eastern Hills High School, Northside Community Center, North Side High

Pre-surveys will be completed by all youth when entering the program or at the beginning of each fiscal year. Post-surveys will be completed when youth exit the program or at the end of the school year or summer. Program Experience Surveys will be completed for youth closed or exiting the program.
<p>Girl Power Program:</p> <p>The Economic Literacy Program, Friendly PEERsuasion, and Mind and Body Program curriculums will be evaluated for effectiveness. Home visits are also scheduled if needed.</p>
Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.

services and/or confirm attendance. A partnership tracking system is created internally to track referrals and needs for further partnership development.

If our program were to reach capacity, our first option would be to accommodate group settings and times to serve all youth. We would find locations and resources to be able to serve as many youth as possible. If a setting was at capacity (and restricted due to COVID-19), we would offer online programming to youth and supply pickups, so that everyone could join safely from home.

Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities, as well as information that will be required in Participant file or activity notes.

Files are maintained for each client, including all Girls Inc. required intake forms, CYD registration forms, field trip permission slips, programs in which clients participate, and case notes. Having several years of experience with CYD programming, completion of all CYD forms/surveys is a standard part of our program processes of intake, participation, and completion.

Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Developmental Assets Profile (DAP) post-surveys, and administration of the Program Experience Survey.

Youth are encouraged to participate in the program as long as possible. If school semester cohorts end and school schedules no longer allow participation, youth are encouraged to attend community-based groups. The Program Coordinator closing the case ensures all closure surveys are completed and makes referrals to meet youth and family needs when they are identified.

Outline plans to sustain programming beyond the five-year Period of Performance.

Girls Inc. of Tarrant County has a diverse fundraising plan that consists of private and corporate grants, individual gifts, and fundraising events, in addition to government funding.

ORGANIZATIONAL COMPETENCE

Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.

Since almost all of the youth we serve in the Northside program are Latino, and it is important to recognize cultural considerations when delivering programs. Our National Girls Inc. office has a Latina Initiative, through which they have developed Cultural Considerations for Girls Inc. programs. Cultural Considerations include engaging parents and families for support of their girls participating in Girls Inc. activities and language differences. Girls Inc. of Tarrant County has bilingual staff who serve as positive role models for the girls in the program and can also speak with Spanish-speaking parents/families. In addition, the YLD groups and staff will be involved in many of the cultural events of Fort Worth's Northside Community, such as the Cinco de Mayo Parade, Fall Festival, and Mexican Independence Day Celebration.

Describe diversity within organizational leadership and plans to increase diverse backgrounds and demographics of board members or other leadership during the grant period.

At Girls Inc., employment is based upon one's capabilities and qualifications. It is the policy of Girls Inc. to ensure equal employment opportunity without discrimination or harassment on the basis of race, color, sex, religion, national origin, citizenship, pregnancy, sexual orientation, gender identity, age, disability, genetic information, military status, and political belief, or any other protected characteristic as protected by law. Girls Inc. prohibits and will not tolerate any such discrimination or harassment by supervisors or employees. Girls Inc. will not tolerate harassment of our employees by anyone, including vendors.

Diversity and inclusiveness are defined as the acceptance, tolerance, honoring, and valuing of differences in culture, lifestyles, heritage, and knowledge. This includes all the similarities and differences that make us diverse internally, externally, or situationally and may include, but not be limited to: age, appearance, communication style, economic status, educational background, employer, gender identification, sexual orientation, geographic location, job type/title, language, race/ethnicity, learning style, management status, marital status, mental abilities, nationality, parental status, physical abilities, political affiliation, religion, seniority/tenure, sex/gender, veteran status, work experience, or work location.

Girls Inc. recognizes that it is essential for the organization to include the values of diversity and inclusiveness as part of our strategy to achieve our vision and mission. Our commitment to these values will be demonstrated through training of all our people, cultivation of these principles, and on-going periodic review of our progress in the following:

- Thought, decisions, strategies, and resources.
