***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court accept payment bond for Bid No. 2022-206, Annual Contract for Maintenance of FLIR Video Management System, from EMC Integrated Systems Group.

BACKGROUND

On September 27, 2022, the Commissioners Court, through Court Order #139279, awarded Bid No. 2022-206, Annual Contract for Maintenance of FLIR Video Management System, for Facilities Management, to EMC Integrated Systems Group.

On July 18, 2023, the Commissioners Court, through Court Order #141310, approved the first renewal option.

EMC Integrated Systems Group will be installing a new digital FLIR camera system in the Dr. Marion J. Brooks Public Health Building. When the building was purchased from JPS there was an analog system that was past its usable life and was not functioning. By upgrading the camera system to a digital FLIR camera system it will integrate into the current Countywide FLIR camera system and be able to be monitored and recorded. This system will provide security camera coverage inside of the Public Health Building and the parking lot.

The proposal from EMC Integrated Systems Group meets all requirements and is acceptable to Facilities Management.

A payment bond is part of the requirements in order for the contractor to begin work. The bond is required solely for the protection of all claimants supplying labor or furnishing materials used on the project.

FISCAL IMPACT

There is no fiscal impact associated with this item.
