LOUIS, MISSOURI**

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court accept a donation of 100 Hart Verity ADA component controllers from the Saint Louis County, Missouri Election Board.

BACKGROUND

As a result of a conversion of some of their voting equipment, the Saint Louis County Election Board has an excess of 100 Hart Verity ADA component controllers. As a gesture of goodwill, they are offering these to Tarrant County Elections free of charge.

These controllers are required in order for Tarrant County Elections to be compliant with Federal and State regulations for ADA compliance for voting equipment, as they allow accessible voting for visually impaired and mobility impaired voters.

FISCAL IMPACT

There is no fiscal impact associated with this item.
